## ABOUT ME

I'm a Computer Science graduate passionate about AI, cybersecurity, and IoT. I enjoy exploring how intelligent systems can address real-world problems and how we can enhance the safety and security of technology. Whether diving into machine learning, working on secure networks, or connecting devices through IoT, I'm always excited to learn and build new things. I continually seek hands-on projects that allow me to apply my skills and continue growing in this ever-evolving field.
